How to Write and Format a White Paper: The Definitive Guide

In the United States, emergency medical services (EMS) provide out-of-hospital acute medical care and/or transport to definitive care for those in need. They are regulated at the most basic level by the federal government, which sets the minimum standards that all states' EMS providers must meet, and regulated more strictly by individual state governments, which often require higher standards ...

Emergency medical services in the United States - Wikipedia

The National Association of EMS Physicians and the American College of Surgeons Committee on Trauma believe that: Long backboards are commonly used to attempt to provide rigid spinal immobilization among emergency medical services (EMS) trauma patients. However, the benefit of long backboards is largely unproven.
