Identifying Criteria for an Evaluation "Make a list of prominent, widely recognized standards for judging your subject. If you do not know the standards usually used to evaluate your subject, you could do some research. For example, if you are reviewing a film, you could read a few recent film reviews online or in the library, noting the standards that reviewers typically use and the reasons ...

The COBOL Connection provides a suite of COBOL programs that describe and demonstrate various programming or coding techniques. The programs, both source code and documentation, simple and complex, are included in a zip file for easy downloading. Many of the programs were created and continue to run on an IBM Mainframe System and are sometimes referred to as Legacy Systems.

The COBOL Connection, Examples and Reference Material
