From a larger number of plants of the same variety only the most vigorous were chosen for fertilization. Weakly plants always afford uncertain results, because even in the first generation of hybrids, and still more so in the subsequent ones, many of the offspring either entirely fail to flower or only form a few and inferior seeds.. Furthermore, in all the experiments reciprocal crossings ...

The Urantia Book (sometimes called The Urantia Papers or The Fifth Epochal Revelation) is a spiritual and philosophical book that originated in Chicago some time between 1924 and 1955. The authorship remains a matter of speculation. It has received various degrees of interest ranging from praise to criticism for its religious and science content, its unusual length, and its lack of a known author.
