The original info pages - since 2004. Every speculation and product announcement we've ever covered. >>Visit the main rumours page directly<< Rumours... We receive all kinds - some more believable/risible than others.

### **Camera and printer rumours page - Northlight Images**

The series begins with an Introduction to color management and color science. Implementation part 1 describes how to set up color management and interpret the contents of ICC profiles (files that describe the color response of a device or a color space).It features Picture Window Pro, but includes information on Photoshop. Implementation part 2 discusses monitor profiling and workflow details.

### **Obtaining ICC profiles and building them with MonacoEZcolor**

Black & White images have a unique beauty all their own, perhaps because B&W is a more abstract

medium; color is more closely tied to reality, and hence can't be manipulated to the same degree. Less is left to the imagination. A good color image can sometimes look stunning in B&W.

### **Black & white printing - Norman Koren**

bit - A binary digit - the smallest piece of digital data possible. bit rate - The number of bits (data sent) measured over a specified time - also called the data rate. nits - Candela per square metre - a (video / SI) measure of brightness. more NERO 7 - I've been told that NERO 7 will NOT allow to create backups of your own, purchased music CDs that employ the copy protection flag.
