In this article, I will showcase some user manual examples or product documentation example to help you set a good goal. Get Inspiration from User Manual Examples. If you are thinking that, creating a product documentation or online user manual is a very technical thing, I would recommend to read this Ultimate Guide to Create Product Documentation.

12 Best Examples of Product Documentation and Guides ...

A User Guide on paper is less likely to be useful to “casual” users who make only occasional use of the system. Experience says that such users will rarely consult a manual. So for them the bulk of the User Guide information has to be available on line, supported by a good indexing system and (ideally) some diagnostic wizards.

User Guide - European Commission

What is a User Guide? A User Guide explains how to use a software application in language that a non-technical person can understand. User guides are part of the documentation suite that comes with an application for example,
