When Mount Sinai Hospital set out to upgrade its clinical workflow in 2005, the IT team estimated it would be a three-year job. The scope of that project was to replace the paper charts and an aging GE Logician system at the New York City teaching hospital which was founded in 1858 and borders Manhattan's Central Park.

How Mount Sinai is transforming its systems with a multi ...

When it comes to interviewing having a good list of questions to share with your team can be invaluable. It helps everyone prepare a little easier; plus being aware of what other people are asking is a great way to ensure that you cover a diverse set of areas (giving you a better view into an imperfect process, and the candidate a better chance to get things right).
