### **Essential Cell Biology, Author: Bruce Alberts/Dennis Bray ...**

It has been 6 years since the previous edition of Essential Cell Biology (ECB), which I reviewed here (BAMBED, 2004, Vol. 32, No. 4, pp. 282–288). The third edition of ECB is largely an update of the previous edition. As discussed in my review of the second edition of ECB, this is an excellent text for sophomore, junior, and, in some cases, senior level courses in cell biology.
